Correction to "Magnetic potential and magnetization contrasts of Earth's lithosphere" by J. Arkani-Hamed and J. Dyment

In the paper "Magnetic potential and magnetization contrasts of Earth's lithosphere" by J. Arkani-Hamed and J. Dyment (Journal of Geophysical Research, 101(B5), 11,401-11,425, 1996), there are typographical errors in the last parentheses of equations (18a) and (18b). Their correct forms are

\[
(\gamma_{m} \sigma_{n+1}^{t} - \delta_{m} \sigma_{n-1}^{t}) \quad (1)
\]

and

\[
(\gamma_{m} \sigma_{n+1}^{u} - \delta_{m} \sigma_{n-1}^{u}) \quad (2)
\]

The term \(\delta_{mn}\) was typed \(\gamma_{mn}\) by mistake. Definitions of \(\gamma_{mn}\) and \(\delta_{mn}\) are given in equations (19a) and (19b) of the paper.
